PROJECTS

Studio360: Web Management Platform for Kitsch Using Artificial Intelligence

- Developed AI-powered bookkeeping automation using Python, Tesseract OCR, Node.js, and Supabase, streamlining data extraction, record management, and backend operations.
- Improved bookkeeping efficiency by increasing processing speed, enhancing data accuracy, and reducing manual encoding errors.

Studio360: Mobile Commerce Application | UI/UX Designer | Team Lead

- Developed frontend features including product search, cart management, and checkout flow using Flutter and Dart for a mobile commerce prototype.
- Led frontend development and coordinated team tasks, delivering a functional prototype aligned with mobile development best practices.

Pro/ductive: Personal Diary Application | C#, MS Access | Team Lead

- Led end-to-end development, enhancing data organization and user task management through structured storage and UI design.

Boss Mix Payroll Management System | C#, VB.NET, MS Access | Team Lead | Full-Stack Developer

- Built a Windows Forms payroll system that automatically computes salaries, deductions, and generates payslips using MS Access.

Guidance E-Counselling System | C++ | Project Lead | Developer

- Built a console-based system for scheduling appointments, submitting forms, and managing student notes, with admin tools for viewing and organizing records.

Creative Skills

- Creative SkillsCreate marketing materials, promotional graphics, and visual content using Canva for digital and social media platforms.
- Proficient in basic Figma for wireframing, interface design, prototyping, and collaborating on UI/UX projects.

EXPERIENCE

On-the-Job Training | San Juan District Hospital

- Provided desktop and system troubleshooting support, resolving hardware and software issues to maintain operational efficiency and reduce downtime.
- Provided administrative support, records management, and Canva-based graphic design for hospital communications.

Job Training | Infinity Web Solutions

- Designed engaging social media posters and story advertisements, creating visually compelling marketing content aligned with brand identity and audience engagement goals.
- Produced high-quality promotional video edits during training and completed a client-based marketing video for Pure Skin Club's exfoliating product, applying video editing techniques to deliver polished, platform-ready content.
